WORK EXPERIENCE

Center for Artificial Intelligence and Smart Technologies (CAIST), Batangas State University *February 2026 to May 2026*
Full Stack Developer / Frontend Development Lead, Internship

- Contributed across all phases of the SDLC as part of a multi-team project delivering four enterprise-grade modules, serving as Frontend Development Lead for the designated student-facing portal.
- Designed and documented system architecture diagrams and produced comprehensive user manuals to support development alignment and end-user onboarding.
- Improved the portal's UI responsiveness and design consistency, refining layouts and visual elements to enhance usability across multiple screen sizes.
- Developed 40+ manual test cases covering functional and edge-case scenarios, ensuring thorough validation of core application flows.
- Authored 40+ automated end-to-end test scripts using Playwright and 5 backend API test scripts using pytest, reducing manual regression effort and improving test reliability.
- Conducted penetration testing using OWASP ZAP, identifying and manually verifying a high-severity security vulnerability, contributing to a more secure production-ready system.
- Proposed and successfully pitched an AI chatbot integration as an enhancement feature — selected from competitive proposals — involving model training and seamless embedding into the student portal.

Tech Executive Labs I.T. Solutions, Remote *February 2025 to April 2025*
Backend Developer, Internship

- Designed and developed a RESTful API using Node.js, structuring clean and scalable endpoints to support core application functionality.
- Implemented middleware layers to handle request processing, validation, and error management across API routes.
- Integrated security measures into the API, enforcing authentication and access controls to protect sensitive data and endpoints.

EDUCATION

BS Information Technology Major in Service Management *August 2022 to 2026*
Batangas State University TNEU Lipa Campus

- **Achievements:** Dean's Lister for academic excellence; Latin Honor

TECHNOLOGIES & SKILLS

Technologies: JavaScript, TypeScript, PHP, Python, C++, Java, HTML, CSS, React.js, React Native, Next.js, Tailwind CSS, Bootstrap, Shadcn, Node.js, Express.js, FastAPI, Docker, PostgreSQL, MySQL, MongoDB, Leaflet.js, PostGIS, Vercel, Hostinger, AWS, Supabase, Pytest, Playwright, OWASP ZAP, GitHub Actions, Postman, VS Code, Git/GitHub, Jira, Trello, Figma, ChatGPT, Claude, GitHub Copilot, Cursor AI

Skills: Web Development, System Architecture, Responsive Design, API Design, Documentation, AI-Assisted Development, Prompt Engineering, AI Workflow Integration, Critical Thinking, Collaboration, Communication, Adaptability, Problem-Solving, Attention-to-Detail, Time Management, Critical Thinking

CERTIFICATIONS & SEMINARS

The Complete Full-Stack Web Development Bootcamp | *Issued by Udemy, January 2026*
Build with AI Manila 2026: Beyond the Prompt | *Attendee, Google Developer Groups, April 2026*
Building a Connected Tomorrow: IOT Innovations and Beyond | *Attendee, BITCON, April 2025*
Next.js App Router Fundamentals | *Issued by Vercel, May 2025*
Introduction to Red Hat OpenShift AI (AI262F - RHA) - Ver. 2.13 | *Issued by Red Hat, July 2025*
Red Hat Application Development I: Programming in Java EE (AD183 - RHA) - Ver. 7.0 | *Issued by Red Hat, July 2025*
